**INDEPENDENT AUDITOR'S REPORT****To the Members of Oswal Agro Mills Limited****Report on the Standalone Ind AS Financial Statements**

We have audited the accompanying standalone Ind AS financial statements of Oswal Agro Mills Limited ("the Company"), which comprise the Balance Sheet as at 31<sup>st</sup> March 2018, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

**Management's Responsibility for the Standalone Ind AS Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements, that give a true and fair view and are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of standalone the Ind AS financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

**Opinion**

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs (financial position) of the Company as at 31<sup>st</sup> March, 2018, and its profit (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

## ANNEXURE 2 TO THE INDEPENDENT AUDITORS' REPORT

Referred to in our report of even date to the members of Oswal Agro Mills Limited on the standalone Ind AS financial statements for the year ended 31<sup>st</sup> March, 2018

### **Report on the internal financial controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls with reference to financial statements of Oswal Agro Mills Limited ("the Company") as of 31<sup>st</sup> March, 2018 in conjunction with our audit of the Standalone Ind AS financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for internal financial controls with reference to financial statements**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by The Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

#### **Meaning of internal financial controls with reference to financial statements**

A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of internal financial controls with reference to financial statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31<sup>st</sup> March, 2018, based on the internal controls over financial reporting criteria established by the Company considering the components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

**NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31<sup>st</sup> MARCH, 2018**  
(Amount in ₹ thousand unless otherwise stated)

**1. COMPANY OVERVIEW**

Oswal Agro Mills Limited is a listed company incorporated and domiciled in India and has its principal place of business at 7th Floor, Antriksh Bhawan, Kasturba Gandhi Marg, Connaught Place, New Delhi- 110001. The company's shares are listed on Bombay Stock Exchange (BSE) and National Stock Exchange (NSE). The principal business of the company is trading of residential/commercial flats/ plot of lands and development of residential townships. Further, the company also lends its surplus funds as interest bearing inter-corporate deposits. The standalone financial statements are approved for issue by the company's board of directors on May 25, 2018.

**2. SIGNIFICANT ACCOUNTING POLICIES**

**2.1 Basis of preparation and presentation of standalone financial statements**

**(a) Basis of preparation of standalone financial statements**

These standalone financial statements have been prepared and presented on a going concern basis under the historical cost convention (except those revalued), on the accrual basis of accounting and comply with the Indian Accounting Standards prescribed by Section 133 of the Companies Act, 2013 ('the Act') read with Rule 7 of the Companies (Accounts) Rules, 2014, other pronouncements of the Institute of Chartered Accountants of India, guidelines issued by Securities and exchange board of India (SEBI) and the relevant provisions of the Companies Act, 2013/Companies Act, 1956, as adopted consistently by the Company.

**(b) Statement of compliance with Ind ASs**

The standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 read with relevant rules notified till date of standalone financial statements, to the extent applicable.

**(c) Basis of Measurement**

The standalone financial statements have been prepared on a historical cost convention and on an accrual basis except for the defined benefit and other long-term employee benefits obligations and Investments measured at fair value through profit and loss (FVTPL)/ fair value through other comprehensive income (FVTOCI) that have been measured at fair value as required by relevant Ind AS.

**(d) Use of Estimates and Judgements**

The preparation of standalone financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the standalone financial statements is included in the following notes:

- i) Income taxes:** The Company's tax jurisdiction is India. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.
- ii) Provisions and Contingencies:** The assessments undertaken in recognising the provisions and contingencies have been made in accordance with Ind AS 37, 'Provisions, Contingent Liabilities and Assets'. The evaluation of the likelihood of the contingent events has required best judgement by management regarding the probability of exposure to potential loss. Should circumstances change following unforeseeable developments, this likelihood could alter.
- iii) Post Employment benefit plan:** Employee benefits obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, the rate of salary increase and the inflation rate. The company considers that the assumptions used to measure its obligations are appropriate and documented. However, any changes in these assumptions may have a material impact on the resulting calculations.
- iv) Other estimates:** The preparation of standalone financial statements involves estimates and assumptions that affect the reported amount of assets, liabilities, disclosure of contingent liabilities at the date of standalone financial statements and the reported amount of revenues and expenses for the reporting period. Specifically, the Company estimates the probability of collection of accounts receivable by analysing historical payment patterns etc.

**(e) Functional and Presentation Currency**

Items included in the standalone financial statements of the company are measured using Indian Rupee (₹) which is the functional currency of the company and the currency of the primary economic environment in which the entity operates. The presentation currency of the company is also Indian Rupee (₹) (rounded off to ₹ thousand upto two decimals).

**2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Financial Instruments**

**i) Financial Assets**

Financial assets comprise investments in equity instruments, mutual funds, security deposits, inter-corporate deposits, trade receivables, Cash and cash equivalents and other eligible assets.

**Initial recognition and measurement**

All financial assets are recognised initially at fair value. Transaction costs that are attributable to the acquisition of the financial asset (other than financial assets recorded at fair value through profit or loss) are included in the fair value of the financial assets. Purchase or sale of financial

## NOTES (CONTD...)

(Amount in ₹ thousand unless otherwise stated)

assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

### Subsequent Measurement

- **Financial Assets measured at amortised cost:** Financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest (SPPI) on principal amount outstanding are measured at amortised cost using effective interest rate (EIR) method.

They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. These financial assets are subsequently carried at amortized cost using the effective interest method, less any impairment loss. The EIR amortisation is recognised as finance income in the Statement of Profit and Loss.

Assets at amortised cost are represented by inter corporate deposits, trade receivables, security deposits, cash and cash equivalents and other eligible current and non-current financial assets.

- **Financial assets at fair value through other comprehensive income (FVTOCI):** Financial assets held within a business model whose objective is achieved by both collecting the contractual cash flows and selling the financial assets and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payment towards principal and interest (SPPI) on principal outstanding are subsequently measured at FVTOCI. Fair value movements in financial assets at FVTOCI are recognised in other comprehensive income. However, the Company recognises interest income, impairment losses & reversals and foreign exchange gain loss in statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from equity to profit and loss. Interest earned is recognised under the expected interest rate (EIR) model.

- **Equity instruments other than investment in associates:** The management determines at the initial recognition of investments in Equity instruments whether to measure it at FVTPL or FVTOCI. However, the equity instruments held for trading are always classified at fair value through Profit or Loss (FVTPL). The classification of investments at FVTOCI is irrevocable. Fair value changes on equity instruments at FVTOCI, excluding dividends, are recognised in other comprehensive income (OCI).

- **Financial assets at fair value through Profit or Loss (FVTPL):** Financial assets are measured at FVTPL if it does not meet the criteria for classification as measured at amortised cost or at fair value through other comprehensive income. Fair value changes are recognised in Statement of Profit and Loss.

### Derecognition of financial assets

Financial assets are derecognised when the contractual rights to the cash flows from the financial assets expire or the financial asset is transferred and the transfer qualifies for derecognition. On derecognition of financial asset in its entirety the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognised in Statement of Profit and Loss.

### Impairment of financial assets

Trade receivables, contract assets, receivables under Ind AS 109, investments in debt instruments that are carried at amortised cost, investments in debt instruments that are carried at FVTOCI are tested for impairment based on the expected credit losses (ECL) for the respective financial asset. ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/expense in the Statement of Profit and Loss. The approach followed by the company for recognising the impairment loss is given below:

#### i) Trade receivables

An impairment analysis is performed at each reporting date. The expected credit losses over lifetime of the asset are estimated by adopting the simplified approach using a provision matrix which is based on historical loss rates reflecting current condition and forecasts of future economic conditions. The company estimates the following provision matrix at the reporting date:

Period past due	Default rate
0 to 6 months	0%
6 to 12 months	5%
more than 12 months	10%
doubtful receivables	100%

#### ii) Other financial assets

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

#### iii) Financial liabilities

Financial liabilities comprise trade payables and other eligible liabilities.

#### Initial recognition and measurement

Financial liabilities are initially recognised at fair value. Any transaction costs that are attributable to the acquisition of the financial liabilities (except financial liabilities at fair value through profit or loss) are deducted from the fair value of financial liabilities.

**NOTES (CONTD...)**

**(Amount in ₹ thousand unless otherwise stated)**

**Subsequent measurement**

i) Financial liabilities at amortised cost: The Company has classified the following under amortised cost:

- a) Trade payables
- b) Other eligible financial liabilities

Amortised cost for financial liabilities represents amount at which financial liability is measured at initial recognition minus the cumulative amortisation using the effective interest rate (EIR) method of any difference between that initial amount and the maturity amount.

- **Financial liabilities at fair value through profit or loss (FVTPL):** Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to P&L. However, the company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The company has not designated any financial liability as at fair value through profit and loss.

**Derecognition of financial liabilities**

A financial liability shall be derecognised when, and only when, it is extinguished i.e. when the obligation specified in the contract is discharged or cancelled or expires.

iii) Off setting of financial assets and financial liabilities:

Financial assets and liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legal enforceable right to offset the recognised amounts and intends either to settle on a net basis or to realize the assets and settle the liability simultaneously.

iv) Reclassification of financial assets

The Company determines the classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are categorised as equity instruments at FVTOCI and financial assets or financial liabilities that are specifically designated at FVTPL. For financial assets, which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

**B. Inventories**

Inventories are valued as under:

- **Land and plots** other than area transferred to construction work-in-progress of constructed properties are valued at lower of cost or net realisable value. Cost includes land acquisition cost and land development cost. Cost of land and plots is determined on specific identification basis.

- **Construction work-in-progress** of constructed properties include the cost of land, internal development costs, external development charges, construction costs, overheads, borrowing cost, development/construction materials and is valued at lower of cost/estimate cost and net realisable value.

- **Trading of real estate-** the cost includes purchase and other costs in bringing the inventory in their present location and condition. Cost is determined specific identification basis.

**C. Property, Plant and Equipment**

Property, Plant and Equipment is carried at cost less accumulated depreciation and accumulated impairment losses. The cost comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price. Cost of self constructed asset include the cost of material, direct labour and any other costs directly attributable to bringing the asset to its working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. Purchased software that is integral to the functionality of the related equipment is capitalised as part of the equipment.

Gains and losses on disposal of an item of Property, Plant and Equipment are determined by comparing the proceeds from disposal with the carrying amount of Property, Plant and Equipment and are recognised net within "Other income/ Other expenses" in the Statement of Profit and Loss

The cost of property, plant and equipment not ready for intended use before such date are disclosed under capital work- in-progress.

**Subsequent costs**

The cost of replacing part of an item of Property, Plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying

## NOTES (CONTD...)

(Amount in ₹ thousand unless otherwise stated)

amount of the replaced part is de-recognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in the Statement of Profit and Loss.

### Depreciation

Depreciation on property, plant & equipment other than in relation to Chembur project is provided pro-rata to the period of use, on the Straight Line Method rates worked out based on the useful life and in the manner prescribed in the Schedule II to the Companies Act, 2013.

Depreciation on tangible assets in relation to Project at Chembur is provided on the Written Down Value method rates worked out based on the useful life and in the manner prescribed in the Schedule II to the Companies Act, 2013.

The estimated useful lives of assets for the current and comparative period of significant items of property, plant and equipment are as follows:

Category	Useful life (Years)
Buildings	60
Furniture & Fixture	10
Plant & Machinery	15
Office Equipment	5
Computer	3
Vehicles	8

The company follows component approach as envisaged in Schedule II to the Companies Act, 2013. The approach involves identification of components of the asset whose cost is significant to the total cost of the asset and have useful life different from the useful life of the remaining assets and in respect of such identified components, useful life is determined separately from the useful life of the main asset.

Assets acquired under finance lease and leasehold improvements are amortized over the lower of estimated useful life and lease term.

Depreciation on additions is provided on a pro-rata basis from the month of acquisition/installation. Depreciation on sale/deduction from property, plant & equipment is provided for up to the date of sale/adjustment, as the case may be.

Modification or extension to an existing asset, which is of capital nature and which becomes an integral part thereof is depreciated prospectively over the remaining useful life of that asset.

The depreciation method, useful lives and residual value are reviewed at each of the reporting date.

### D. Intangible assets

Intangible asset are carried at cost of acquisition less amortisation. The cost of an item of intangible assets comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.

#### Amortisation of Intangible assets

Intangible assets are amortised on straight line method on pro-rata basis over a period of three years.

### E. Investment property

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

The Company depreciates building component of investment property over 60 years from the date of original purchase as per the requirement of Schedule II of the Companies Act, 2013. The leasehold investment properties are amortised over the term of the lease.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

### F. Investment in subsidiaries and associates

Investment in subsidiaries and associates is recognised at cost less impairment. Dividend income from subsidiaries and associates is recognised when its right to receive the dividend is established.

### G. Foreign currency transactions and balances

Transactions in foreign currencies are initially recognised in the standalone financial statements using exchange rates prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated to the relevant functional currency at the exchange rates prevailing at the reporting date. Non- monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate prevailing on the date that the fair value was determined. Non- monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the

**NOTES (CONTD...)****(Amount in ₹ thousand unless otherwise stated)**

exchange rate prevalent at the date of transaction. Foreign currency differences arising on translation are recognised in the Statement of Profit and Loss for determination of net profit or loss during the period.

**H. Borrowing costs**

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of that asset. Other borrowing costs are recognized as expenses in the period in which they are incurred. To the extent the Company borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the Company determines the amount of borrowings costs eligible for capitalization by applying a capitalization rate to the expenditure incurred on such asset. The capitalization rate is determined based on the weighted average of borrowing costs applicable to the borrowings of the Company which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing costs that the Company capitalizes during a period does not exceed the amount of borrowing costs incurred during that period.

**I. Leases****Operating leases**

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased asset are classified as operating leases. Operating lease charges are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

**J. Deposits provided to lessor**

The company is generally required to pay refundable security deposits in order to obtain property leases from various lessor. Such security deposits are financial assets and are recorded at fair value on initial recognition. The difference between the initial fair value and the refundable amount of the deposit is recognized as a lease prepayment. The initial fair value is estimated as the present value of the refundable amount of security deposit, discounted using the market interest rates for similar instruments. "Subsequent to initial recognition, the security deposit is measured at amortized cost using the effective interest method with the carrying amount increased over the lease period up to the refundable amount. The amount of increase in the carrying amount of deposit is recognized as interest income. The lease prepayment is amortized on a straight line basis over the lease term as lease rental expense.

**K. Revenue**

Revenue from the sale of Flat/Plots is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and volume rebates. Revenue is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement with the goods, and the amount of revenue can be measured reliably.

Interest income is recognized as it accrues in Statement of Profit and Loss using the effective interest method.

Profit on trading of mutual fund units is recognised only on redemption of units.

**L. Impairment of non-financial assets**

The carrying amount of the Company's non-financial assets, other than deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risk specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from the continuing use that are largely independent of cash inflows of other assets or group of assets (the cash generating unit).

An impairment loss is recognized if the carrying amount of an asset or its cash generating unit exceeds its estimated recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. Impairment losses are recognised in respect of cash generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit or group of units on a pro rata basis.

**Reversal of impairment loss**

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized directly in other comprehensive income and presented within equity.

**M. Earnings per share (EPS)**

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the period.

Diluted earning per share is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

## NOTES (CONTD...)

(Amount in ₹ thousand unless otherwise stated)

### N. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash on hand, cash at banks, demand deposits, short-term deposits with an balance maturity of three months or less as at the balance sheet date, which are subject to an insignificant risk of changes in value.

For the purpose of Statement of Cash Flows, cash and cash equivalents comprise cash on hand, cash at banks, demand deposits, short-term deposits with balance maturity of three months or less from the balance sheet date and other short term investments, that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

### O. Employee Benefits

#### i) Short Term Benefits

Employee benefits (other than post employment benefits) which fall due wholly within twelve months after the end of the year in which the employees render the related service are recognized at the amount expected to be paid for it.

#### ii) Post Employment Benefits

The Company participates in various employee benefit plans. Post-employment benefits are classified as either defined contribution plans or defined benefit plans. Under a defined contribution plan, the Company's only obligation is to pay a fixed amount with no obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits. The related actuarial risks fall on the employee. The expenditure for defined contribution plans is recognized as expense during the period when the employee provides service. Under a defined benefit plan, it is the Company's obligation to provide agreed benefits to the employees. The related actuarial and investment risks fall on the Company. The present value of the defined benefit obligations is calculated using the projected unit credit method.

The Company has the following post employment benefit plans:

#### Gratuity

In accordance with the Payment of Gratuity Act, 1972, the Company provides for a lump sum payment to eligible employees, at retirement or termination of employment based on the last drawn salary and years of employment with the Company. The Company's obligation in respect of the gratuity plan, which is a defined benefit plan, is provided for based on actuarial valuation using the projected unit credit method. Actuarial gains or losses are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods.

#### iii) Other long term employee benefits

##### Earned Leave Encashment and Sick Leave

The employees of the Company are entitled to earned leaves and sick leaves. The employees can carry forward a portion of the unutilised earned leaves and utilise it in future periods or receive cash at retirement or termination of employment. The employees can carry forward the unutilised sick leaves and utilise it in future periods and it lapses at retirement or termination of employment. The Company records an obligation for earned leave and sick leaves in the period in which the employee renders the services that increases this entitlement. The Company measures the expected cost of earned leave and sick leave as the additional amount that the Company expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. The Company recognizes accumulated earned leave and sick leave based on actuarial valuation. Non-accumulating leave encashment are recognized in the period in which the absences occur. The Company recognizes actuarial gains and losses immediately in the statement of profit and loss.

### P. Provisions & Contingencies

A provision arising from claims, litigation, assessment, fines, penalties, etc. is recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. These are reviewed at each balance sheet date and adjusted to reflect current management estimates. Contingent liabilities are disclosed in respect of possible obligations that have arisen from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise. When there is a possible obligation or present obligation where the likelihood of an outflow is remote, no disclosure or provision is made.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. A contingent asset is disclosed, where an inflow of economic benefits is probable.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

### Q. Income Taxes

Income tax comprises current tax and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

**NOTES (CONTD...)**

(Amount in ₹ thousand unless otherwise stated)

**Current tax**

Current tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted by the reporting date and applicable for the period. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously.

**Deferred tax**

Deferred tax is recognized using the balance sheet approach. Deferred tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in standalone financial statements, except when the deferred tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

Deferred tax liabilities are recognized for all taxable temporary differences.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

**2.3 RECENT INDIAN ACCOUNTING STANDARDS (IND AS)**

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2018 has notified the following new and amendments to Ind ASs which the Company has not applied as they are effective for annual periods beginning on or after April 1, 2018:

**Ind AS 115 – Revenue from Contracts with Customers**

Ind AS 115 establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. Ind AS 115 will supersede the current revenue recognition standard Ind AS 18 – Revenue, Ind AS 11 – Construction Contracts when it becomes effective.

The core principle of Ind AS 115 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the standard introduces a 5-step approach to revenue recognition:

Step 1: Identify the contract(s) with a customer

Step 2: Identify the performance obligation in contract

Step 3: Determine the transaction price

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Under Ind AS 115, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer.

The company is evaluating the impact of this amendment on its financial statements.

**Estimation of fair value**

The company obtains independent valuations for its investment properties at least annually. The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available, the company considers information from a variety of source including:

- Current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences
- Discounted cash flow projections based on reliable estimates of future cash flows
- Capitalised income projections based upon a property's estimated net market income and a capitalisation rate derived from an analysis of market evidence

The fair values of investment properties have been determined by Mr. Paramjeet Singh, accredited registered valuer holding the recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued. The main inputs used are the local enquiries and prevailing market trends adjusted for location, size, utility, condition and other factors having influence over the fair value. All resulting fair value estimates for investment properties are included in level 3. condition and other factors having influence over the fair value. All resulting fair value estimates for investment properties are included in level 3.

1) Defined Contribution Plan:	Current year	Previous year
Contribution to Provident fund	869.79	456.99

**2) Defined Benefit plan:**

**I. Gratuity**

The Company operates an unfunded gratuity plan. Every employee is entitled to a benefit equivalent to fifteen days salary last drawn for each completed year of service in line with the Payment of Gratuity Act, 1972 or Company scheme whichever is beneficial. The same is payable at the time of separation from the Company or retirement, whichever is earlier. The benefits vest after five years of continuous service.

- a. The liability is determined based on actuarial valuation using the Projected Unit Credit Method as at the balance sheet date, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.
- b. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, is based on market yields on Government securities as at the balance sheet date.
- c. Actuarial gains and losses are recognised immediately in other comprehensive income in Statement of profit and loss. Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs.

The amounts recognized in the statement of Profit & Loss Account for the year and previous year are as follows:-

**Description of Risk Exposures:**

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such company is exposed to various risks as follows:

Discount rate	Reduction in discount rate in subsequent valuations can increase the plan's liability.
Mortality & disability	Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
Withdrawals	Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.
Salary increase	Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.

**Sensitivity Analysis**

Particulars	31.03.2018	31.03.2017
<b>a) Impact of the change in discount rate</b>		
Present Value of Obligation at the end of the period	4,538.92	3,983.43
a) Impact due to increase of 0.50%	36.42	(34.22)
b) Impact due to decrease of 0.50%	38.53	35.66
<b>b) Impact of the change in salary increase</b>		
Present Value of Obligation at the end of the period	4,538.92	3,983.43
a) Impact due to increase of 0.50%	38.86	36.11
b) Impact due to decrease of 0.50%	(37.06)	(34.96)

Sensitivities due to mortality & withdrawals are not material & hence impact of change not calculated.

Sensitivities as to rate of inflation and life expectancy are not applicable being a lump sum benefit on retirement.

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the year.

The fair value of the financial assets and liabilities is determined at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The management assessed that fair value of trade receivables, cash and cash equivalents and other bank balances, other financial assets and other financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments and the transactions being entered into at arm's length. In respect of loans, the fair value equals the carrying value as the risk management mechanism established by the company indicates that no credit losses in the value of these loans.

**DETAILS OF ASSETS PLEDGED AS COLLATERAL/SECURITY**

The carrying amount of financial assets as at 31<sup>st</sup> March, 2018 and 2017 that the company has provided as collateral for obtaining borrowings and other facilities from the bankers as follows:

Particulars	As at 31.03.2018	As at 31.03.2017
Gross carrying amount of Investment Property	293.24	293.24

**43 FAIR VALUE HIERARCHY**

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents the fair value measurement hierarchy of financial assets and liabilities measured at fair value on recurring basis as at 31st March, 2018 and 31st March, 2017.

## NOTES (CONTD...)

A one percent point change in the unobservable inputs used in fair valuation of level 3 assets and liabilities does not have a significant impact in its value.

The fair value of investments in mutual fund is determined on the basis of NAV of mutual fund declared on the last day of the financial year. The fair value of investment property disclosed in financial statements is determined based on the valuation report from an independent valuer. The determination of the valuation by the valuer is based on level 3 inputs like discounted cash flows, net assets value etc. The fair value of the equity instruments measured at FVTOCI is determined on the basis of the valuation report of an independent valuer who determines the value as per the financials of the investee, assumptions suitable to the method of valuation adopted and key data from the management of the investor for valuation purposes as obtained from the investee.

#### 44 FINANCIAL RISK MANAGEMENT

The Company's principal financial assets include investment in equity instruments and mutual funds, Inter-corporate deposits, trade receivables, other receivables and cash & bank balances.

The Company's principal financial liabilities comprise creditor for expenses and other financial liabilities. These other financial liabilities mainly comprise of creditors for expenses and employee benefits payable.

The Company's activities expose it to credit risk and liquidity risk. The company is not exposed to any market risk, neither in form of interest rate risk as the debt instruments issued by the company (i.e. intercorporate deposits) bear a fixed rate of interest as per the inter-corporate deposit agreements nor any foreign exchange risk. The different types of risk the company is exposed to are as follows:

##### (i) Credit risk

Credit risk is the risk that customer or counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company's significant credit risk concentration is in its trade receivables and loans given [i.e. intercorporate deposits (ICD)] and interest receivable thereon aggregating to ₹ 11,86,904.47 thousand as at March 31, 2018 i.e., 45.45% (₹ 10,93,409.73 thousand as at March 31, 2017 i.e., 43.44%). The objective of managing counter party credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the ICD parties on regular basis by analysing their default pattern, reviewing annual financial performance and creditworthiness as evident from their financial statements. The company regularly assesses the increase in risk of default since initial recognition. The company considers a default of more than 6 months as an indicator for increased risk of default requiring the assessment of expected credit losses and resulting impairment, if any. The company uses a provision matrix to compute the expected credit losses (ECL) for trade receivables. The provision matrix takes into account internal and external credit risk factors and the company's historical experience for customers.

However, as at the date of balance sheet all parties were regular in meeting their contractual obligations and none of the financial assets are credit impaired. Credit risk on cash & cash equivalents and other bank balances is limited as the company holds these deposits with scheduled banks with high credit ratings.

Investments are primarily in equity instruments of companies. The management regularly values the investments from independent professional valuers to determine any impairment in the value of investments. Further, the company invests on short term basis in mutual funds having high credit rating from domestic credit rating agencies.

##### Exposure to credit risk

The gross carrying amount of financial assets, net of any impairment recognised represents the maximum credit exposure. The maximum credit exposure as at 31.03.2018 and as at 31.03.2017 is as follows:

Particulars	As at 31.03.2018	As at 31.03.2017
Investments (Non current and current)	1,401,452.70	1,308,397.73

## **INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENTS**

**To the Members of Oswal Agro Mills Limited**

### **Report on the Consolidated Ind AS Financial Statements**

We have audited the accompanying Consolidated Ind AS financial statements of Oswal Agro Mills Limited ('the Company'), its subsidiary and associate (the Company, its subsidiary and associate together referred to as 'the Group'), comprising the Consolidated Balance Sheet as at 31<sup>st</sup> March 2018, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity, and the Consolidated Statement of Cash Flows for the year then ended, and a summary of the significant accounting policies and other explanatory information ('the Consolidated Ind AS financial statements')

### **Management's Responsibility for the Consolidated Ind AS Financial Statements**

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 ('the Act') that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') prescribed under Section 133 of the Act.

The respective Board of Directors of the companies included in the group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements, that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Board of Directors of the Holding Company, as aforesaid.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these Consolidated Ind AS financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the Consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the Consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditor in terms of their report referred to in the 'Other Matter' below, is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Ind AS financial statements.

### **Opinion**

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of report of the other auditor on separate financial statements of the subsidiary company referred to in the 'Other Matter' below, the aforesaid Consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the Consolidated state of affairs of the group as at 31<sup>st</sup> March, 2018, and their Consolidated total comprehensive income (including other comprehensive income), Consolidated changes in equity and Consolidated cash flows for the year ended on that date.

### **Other matters**

We did not audit the separate financial statement of a subsidiary company, which was liquidated vide letter dated 28th February, 2018, whose financial statements as on 15<sup>th</sup> November, 2017 reflect total assets of ₹ Nil (Previous year ₹ 22,448.49 thousand), total revenues of ₹ 35.66 thousand (Previous year ₹ 1,777.21 thousand) and net cash flows amounting to (–) ₹ 4,406.43 thousand (Previous year (–) ₹ 184.93 thousand) for the year ended on that date as considered in the consolidated financial statements. This financial statement has been audited by other auditor whose report has been furnished to us by the management and our opinion on the consolidated financial statement, in so far as it relates to the amounts and disclosures included in respect of this subsidiary and our report in terms of sub-section (3) of Section 143 of the Act, is based solely on the report of the other auditor.

**Oswal Agro Mills Limited**

Our opinion on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the report of the other auditor and the financial statements certified by the Management.

**Report on Other Legal and Regulatory Requirements**

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the report of the other auditor on separate financial statements and the other financial information of the subsidiary company, referred in the "Other Matter" paragraph above, we report, to the extent applicable, that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS Financial Statements.
  - (b) In our opinion, proper books of account as required by law relating to the preparation of aforesaid Consolidated Ind AS Financial Statements have been kept so far as it appears from our examination of those books and the report of other auditor.
  - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including the Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of Consolidated Ind AS financial statements.
  - (d) In our opinion, the Consolidated Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act, as applicable.
  - (e) On the basis of the written representations received from the directors of the Holding company as on 31<sup>st</sup> March, 2018 taken on record by the Board of Directors of the Holding company and report of the statutory auditor of the associate company (incorporated in India), none of the directors of the group companies, incorporated in India, is disqualified as on 31<sup>st</sup> March, 2018 from being appointed as a director in terms of Section 164 (2) of the Act.
  - (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the group and the operating effectiveness of such controls, refer to our separate Report in "Annexure A"; and
  - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - i. The consolidated Ind AS Financial Statements disclose the impact of pending litigations on the consolidated financial position of the group- Refer Note 36 to the consolidated Ind AS financial Statements.
    - ii. The group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
    - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding company and associate incorporated in India.

We have audited the internal financial controls with reference to financial statements of Oswal Agro Mills Limited ("the Company") excluding subsidiary company incorporated outside India and its associate which is a company incorporated in India (the company and its associate together referred to as "Group") as of 31st March, 2018 in conjunction with our audit of the Consolidated Ind AS financial statements of the group for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The respective Board of Directors of the Holding company and its associate, which is a company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by The Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the group's internal financial controls system with reference to financial statements.

#### **Meaning of Internal Financial Controls with reference to Financial Statements**

A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls with reference to Financial Statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Company and its associate, which is a company incorporated in India, have in all material respects, an adequate internal financial controls systems with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31<sup>st</sup> March, 2018, based on the internal financial controls with reference to financial statements criteria established by the Company considering the components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31<sup>st</sup> MARCH, 2018**  
(Amount in ₹ thousand unless otherwise stated)**1.A. COMPANY OVERVIEW**

Oswal Agro Mills Limited (holding company) is a listed company incorporated and domiciled in India and has its principal place of business at 7th Floor, Antriksh Bhawan, Kasturba Gandhi Marg, Connaught Place, New Delhi- 110001. The holding company's shares are listed on Bombay Stock Exchange (BSE) and National Stock Exchange (NSE). The principal business of the holding company is trading of residential/commercial flats/plot of lands and development of residential townships. Further, the holding company also lends its surplus funds as interest bearing inter-corporate deposits. The consolidated financial statements are approved for issue by the holding company's board of directors on May 25, 2018. The group comprised of the subsidiary which was established to carry out the business of trading of commodities and general investment activities and has been liquidated w.e.f 28th February, 2018. Further, the group consists of an associate company dealing in real estate business.

**1.B. PRINCIPALS OF CONSOLIDATION****Subsidiaries**

Subsidiaries are all entities (including structured entities) over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the group.

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

**Associates**

Associates are all entities over which the group has significant influence but not control or joint control. This is generally the case where the group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

**Equity method**

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the group and its associates and joint ventures are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group.

The carrying amount of equity accounted investments are tested for impairment in accordance with the policy.

**2. SIGNIFICANT ACCOUNTING POLICIES****2.1 Basis of preparation and presentation of consolidated financial statements****(a) Basis of preparation of consolidated financial statements**

These consolidated financial statements have been prepared and presented on a going concern basis under the historical cost convention (except those revalued), on the accrual basis of accounting and comply with the Indian Accounting Standards prescribed by Section 133 of the Companies Act, 2013 ('the Act') read with Rule 7 of the Companies (Accounts) Rules, 2014, other pronouncements of the Institute of Chartered Accountants of India, guidelines issued by Securities and exchange board of India (SEBI) and the relevant provisions of the Companies Act, 2013/Companies Act, 1956, as adopted consistently by the group.

**(b) Statement of compliance with Ind ASs**

The consolidated financial statements of the group have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 read with relevant rules notified till date of consolidated financial statements, to the extent applicable.

**(c) Basis of Measurement**

The consolidated financial statements have been prepared on a historical cost convention and on an accrual basis except for the defined benefit and other long-term employee benefits obligations and Investments measured at fair value through profit and loss (FVTPL)/ fair value through other comprehensive income (FVTOCI) that have been measured at fair value as required by relevant Ind AS.

## NOTES (CONTD...)

(Amount in ₹ thousand unless otherwise stated)

### (d) Use of Estimates and Judgements

The preparation of consolidated financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the consolidated financial statements is included in the following notes:

- i) **Income taxes:** The holding Company's tax jurisdiction is India. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.
- ii) **Provisions and Contingencies:** The assessments undertaken in recognising the provisions and contingencies have been made in accordance with Ind AS 37, 'Provisions, Contingent Liabilities and Assets'. The evaluation of the likelihood of the contingent events has required best judgement by management regarding the probability of exposure to potential loss. Should circumstances change following unforeseeable developments, this likelihood could alter.
- iii) **Post Employment benefit plan:** Employee benefits obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, the rate of salary increase and the inflation rate. The group considers that the assumptions used to measure its obligations are appropriate and documented. However, any changes in these assumptions may have a material impact on the resulting calculations.
- iv) **Other estimates:** The preparation of consolidated financial statements involves estimates and assumptions that affect the reported amount of assets, liabilities, disclosure of contingent liabilities at the date of consolidated financial statements and the reported amount of revenues and expenses for the reporting period. Specifically, the group estimates the probability of collection of accounts receivable by analysing historical payment patterns etc.

### (e) Functional and Presentation Currency

Items included in the financial statements of each of the group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The consolidated financial statements are presented in Indian rupee (₹), which is the holding company's functional and presentation currency. The financial figures in the consolidated financial statements have been rounded off to ₹ thousand upto two decimals unless otherwise specified.

## 2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### A. Financial Instruments

#### i) Financial Assets

Financial assets comprise investments in equity instruments, mutual funds, security deposits, inter-corporate deposits, trade receivables, Cash and cash equivalents and other eligible assets.

#### Initial recognition and measurement:

All financial assets are recognised initially at fair value. Transaction costs that are attributable to the acquisition of the financial asset (other than financial assets recorded at fair value through profit or loss) are included in the fair value of the financial assets. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

#### Subsequent Measurement:

**-Financial Assets measured at amortised cost:** Financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest (SPPI) on principal amount outstanding are measured at amortised cost using effective interest rate (EIR) method.

They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. These financial assets are subsequently carried at amortized cost using the effective interest method, less any impairment loss. The EIR amortisation is recognised as finance income in the Statement of Profit and Loss.

Assets at amortised cost are represented by inter corporate deposits, trade receivables, security deposits, cash and cash equivalents and other eligible current and non-current financial assets.

**- Financial assets at fair value through other comprehensive income (FVTOCI):** Financial assets held within a business model whose objective is achieved by both collecting the contractual cash flows and selling the financial assets and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payment towards principal and interest (SPPI) on principal outstanding are subsequently measured at FVTOCI. Fair value movements in financial assets at FVTOCI are recognised in other comprehensive income. However, the Company recognises interest income, impairment losses & reversals and foreign exchange gain loss in statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from equity to profit and loss. Interest earned is recognised under the expected interest rate (EIR) model.

**NOTES (CONTD...)**

**(Amount in ₹ thousand unless otherwise stated)**

**-Equity instruments other than investment in associates:** The management determines at the initial recognition of investments in Equity instruments whether to measure it at FVTPL or FVTOCI. However, the equity instruments held for trading are always classified at fair value through Profit or Loss (FVTPL). The classification of investments at FVTOCI is irrevocable. Fair value changes on equity instruments at FVTOCI, excluding dividends, are recognised in other comprehensive income (OCI).

**- Financial assets at fair value through Profit or Loss (FVTPL):** Financial assets are measured at FVTPL if it does not meet the criteria for classification as measured at amortised cost or at fair value through other comprehensive income. Fair value changes are recognised in Statement of Profit and Loss.

**Derecognition of financial assets:**

Financial assets are derecognised when the contractual rights to the cash flows from the financial assets expire or the financial asset is transferred and the transfer qualifies for derecognition. On derecognition of financial asset in its entirety the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognised in Statement of Profit and Loss.

**Impairment of financial assets:**

Trade receivables, contract assets, receivables under Ind AS 109, investments in debt instruments that are carried at amortised cost, investments in debt instruments that are carried at FVTOCI are tested for impairment based on the expected credit losses (ECL) for the respective financial asset. ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/expense in the Consolidated Statement of Profit and Loss. The approach followed by the group for recognising the impairment loss is given below:

**i) Trade receivables**

An impairment analysis is performed at each reporting date. The expected credit losses over lifetime of the asset are estimated by adopting the simplified approach using a provision matrix which is based on historical loss rates reflecting current condition and forecasts of future economic conditions. The group estimates the following provision matrix at the reporting date:

Period past due	Default rate
0 to 6 months	0%
6 to 12 months	5%
more than 12 months	10%
doubtful receivables	100%

**ii) Other financial assets**

For recognition of impairment loss on other financial assets and risk exposure, the group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

**ii) Financial liabilities:**

Financial liabilities comprise trade payables and other eligible liabilities.

**Initial recognition and measurement:**

Financial liabilities are initially recognised at fair value. Any transaction costs that are attributable to the acquisition of the financial liabilities (except financial liabilities at fair value through profit or loss) are deducted from the fair value of financial liabilities.

**Subsequent measurement**

i) Financial liabilities at amortised cost: The group has classified the following under amortised cost:

- a) Trade payables
- b) Other eligible financial liabilities

Amortised cost for financial liabilities represents amount at which financial liability is measured at initial recognition minus the cumulative amortisation using the effective interest rate (EIR) method of any difference between that initial amount and the maturity amount.

**- Financial liabilities at fair value through profit or loss (FVTPL):** Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to P&L. However, the group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The group has not designated any financial liability as at fair value through profit and loss.

## NOTES (CONTD...)

(Amount in ₹ thousand unless otherwise stated)

### Derecognition of financial liabilities

A financial liability shall be derecognised when, and only when, it is extinguished i.e. when the obligation specified in the contract is discharged or cancelled or expires.

### iii) Off setting of financial assets and financial liabilities:

Financial assets and liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legal enforceable right to offset the recognised amounts and intends either to settle on a net basis or to realize the assets and settle the liability simultaneously.

### iv) Reclassification of financial assets

The Company determines the classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are categorised as equity instruments at FVTOCI and financial assets or financial liabilities that are specifically designated at FVTPL. For financial assets, which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

## B. Inventories

Inventories are valued as under:

**-Land and plots** other than area transferred to construction work-in-progress of constructed properties are valued at lower of cost or net realisable value. Cost includes land acquisition cost and land development cost. Cost of land and plots is determined on specific identification basis.

**-Construction work-in-progress** of constructed properties include the cost of land, internal development costs, external development charges, construction costs, overheads, borrowing cost, development/construction materials and is valued at lower of cost/estimate cost and net realisable value.

**-Trading of real estate-** the cost includes purchase and other costs in bringing the inventory in their present location and condition. Cost is determined specific identification basis.

## C. Property, Plant and Equipment

Property, Plant and Equipment is carried at cost less accumulated depreciation and accumulated impairment losses. The cost comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price. Cost of self constructed asset include the cost of material, direct labour and any other costs directly attributable to bringing the asset to its working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. Purchased software that is integral to the functionality of the related equipment is capitalised as part of the equipment.

Gains and losses on disposal of an item of Property, Plant and Equipment are determined by comparing the proceeds from disposal with the carrying amount of Property, Plant and Equipment and are recognised net within "Other income/ Other expenses" in the Statement of Profit and Loss.

The cost of property, plant and equipment not ready for intended use before such date are disclosed under capital work- in-progress.

### Subsequent costs

The cost of replacing part of an item of Property, Plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is de-recognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in the Statement of Profit and Loss.

### Depreciation

Depreciation on property, plant & equipment other than in relation to Chembur project is provided pro-rata to the period of use, on the Straight Line Method rates worked out based on the useful life and in the manner prescribed in the Schedule II to the Companies Act, 2013.

Depreciation on tangible assets in relation to Project at Chembur is provided on the Written Down Value method rates worked out based on the useful life and in the manner prescribed in the Schedule II to the Companies Act, 2013.

The estimated useful lives of assets for the current and comparative period of significant items of property, plant and equipment are as follows:

**NOTES (CONTD...)**

(Amount in ₹ thousand unless otherwise stated)

Category	Useful life (Years)
Buildings	60
Furniture & Fixture	10
Plant & Machinery	15
Office Equipment	5
Computer	3
Vehicles	8

The group follows component approach as envisaged in Schedule II to the Companies Act, 2013. The approach involves identification of components of the asset whose cost is significant to the total cost of the asset and have useful life different from the useful life of the remaining assets and in respect of such identified components, useful life is determined separately from the useful life of the main asset.

Assets acquired under finance lease and leasehold improvements are amortized over the lower of estimated useful life and lease term.

Depreciation on additions is provided on a pro-rata basis from the month of acquisition/installation. Depreciation on sale/deduction from property, plant & equipment is provided for up to the date of sale/adjustment, as the case may be.

Modification or extension to an existing asset, which is of capital nature and which becomes an integral part thereof is depreciated prospectively over the remaining useful life of that asset.

The depreciation method, useful lives and residual value are reviewed at each of the reporting date.

**D. Intangible assets**

Intangible asset are carried at cost of acquisition less amortisation. The cost of an item of intangible assets comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.

**Amortisation of Intangible assets**

Intangible assets are amortised on straight line method on pro-rata basis over a period of three years.

**E. Investment property**

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the group depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

The group depreciates building component of investment property over 60 years from the date of original purchase as per the requirement of Schedule II of the Companies Act, 2013. The leasehold investment properties are amortised over the term of the lease.

Though the group measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

**F. Investment in subsidiaries and associates**

Investment in subsidiaries and associates is recognised at cost less impairment. Dividend income from subsidiaries and associates is recognised when its right to receive the dividend is established.

**G. Foreign currency transactions and balances**

Transactions in foreign currencies are initially recognised in the standalone financial statements using exchange rates prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated to the relevant functional currency at the exchange rates prevailing at the reporting date. Non- monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate prevailing on the date that the fair value was determined. Non- monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction. Foreign currency differences arising on translation are recognised in the Statement of Profit and Loss for determination of net profit or loss during the period.

**H. Borrowing costs**

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of that asset. Other borrowing costs are recognized as expenses in the period in which they are incurred. To the extent the Company borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the Company determines the amount of borrowings costs eligible for capitalization by applying a capitalization rate to the expenditure incurred on such asset. The capitalization rate is determined based on the weighted average of borrowing costs applicable to the borrowings of the Company which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing costs that the Company capitalizes during a period does not exceed the amount of borrowing costs incurred during that period.

## NOTES (CONTD...)

(Amount in ₹ thousand unless otherwise stated)

### I. Leases

#### Operating leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased asset are classified as operating leases. Operating lease charges are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

### J. Deposits provided to lessor

The company is generally required to pay refundable security deposits in order to obtain property leases from various lessor. Such security deposits are financial assets and are recorded at fair value on initial recognition. The difference between the initial fair value and the refundable amount of the deposit is recognized as a lease prepayment. The initial fair value is estimated as the present value of the refundable amount of security deposit, discounted using the market interest rates for similar instruments.

Subsequent to initial recognition, the security deposit is measured at amortized cost using the effective interest method with the carrying amount increased over the lease period up to the refundable amount. The amount of increase in the carrying amount of deposit is recognized as interest income. The lease prepayment is amortized on a straight line basis over the lease term as lease rental expense.

### K. Revenue

Revenue from the sale of Flat/Plots is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and volume rebates. Revenue is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement with the goods, and the amount of revenue can be measured reliably.

Interest income is recognized as it accrues in Statement of Profit and Loss using the effective interest method.

Profit on trading of mutual fund units is recognised only on redemption of units.

### L. Impairment of non-financial assets

The carrying amount of the group's non-financial assets, other than deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risk specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from the continuing use that are largely independent of cash inflows of other assets or group of assets (the cash generating unit).

An impairment loss is recognized if the carrying amount of an asset or its cash generating unit exceeds its estimated recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. Impairment losses are recognised in respect of cash generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit or group of units on a pro rata basis.

#### Reversal of impairment loss

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized directly in other comprehensive income and presented within equity.

### M. Earnings per share (EPS)

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the period.

Diluted earning per share is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

### N. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash on hand, cash at banks, demand deposits, short-term deposits with an balance maturity of three months or less as at the balance sheet date, which are subject to an insignificant risk of changes in value.

For the purpose of Statement of Cash Flows, cash and cash equivalents comprise cash on hand, cash at banks, demand deposits, short-term deposits with balance maturity of three months or less from the balance sheet date and other short term investments, that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**NOTES (CONTD...)****(Amount in ₹ thousand unless otherwise stated)****O. Employee Benefits****i) Short Term Benefits**

Employee benefits (other than post employment benefits) which fall due wholly within twelve months after the end of the year in which the employees render the related service are recognized at the amount expected to be paid for it.

**ii) Post Employment Benefits**

The group participates in various employee benefit plans. Post-employment benefits are classified as either defined contribution plans or defined benefit plans. Under a defined contribution plan, the group's only obligation is to pay a fixed amount with no obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits. The related actuarial risks fall on the employee. The expenditure for defined contribution plans is recognized as expense during the period when the employee provides service. Under a defined benefit plan, it is the group's obligation to provide agreed benefits to the employees. The related actuarial and investment risks fall on the group. The present value of the defined benefit obligations is calculated using the projected unit credit method.

The group has the following post employment benefit plans:

**Gratuity**

In accordance with the Payment of Gratuity Act, 1972, the Company provides for a lump sum payment to eligible employees, at retirement or termination of employment based on the last drawn salary and years of employment with the Company. The Company's obligation in respect of the gratuity plan, which is a defined benefit plan, is provided for based on actuarial valuation using the projected unit credit method. Actuarial gains or losses are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods.

**iii) Other long term employee benefits****Earned Leave Encashment and Sick Leave**

The employees of the group are entitled to earned leaves and sick leaves. The employees can carry forward a portion of the unutilised earned leaves and utilise it in future periods or receive cash at retirement or termination of employment. The employees can carry forward the unutilised sick leaves and utilise it in future periods and it lapses at retirement or termination of employment. The group records an obligation for earned leave and sick leaves in the period in which the employee renders the services that increases this entitlement. The group measures the expected cost of earned leave and sick leave as the additional amount that the group expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. The group recognizes accumulated earned leave and sick leave based on actuarial valuation. Non-accumulating leave encashment are recognized in the period in which the absences occur. The group recognizes actuarial gains and losses immediately in the statement of profit and loss.

**P. Provisions & Contingencies**

A provision arising from claims, litigation, assessment, fines, penalties, etc. is recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. These are reviewed at each balance sheet date and adjusted to reflect current management estimates. Contingent liabilities are disclosed in respect of possible obligations that have arisen from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise. When there is a possible obligation or present obligation where the likelihood of an outflow is remote, no disclosure or provision is made.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. A contingent asset is disclosed, where an inflow of economic benefits is probable.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

**Q. Income Taxes**

Income tax comprises current tax and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

**Current tax**

Current tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted by the reporting date and applicable for the period. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously.

## NOTES (CONTD...)

(Amount in ₹ thousand unless otherwise stated)

### Deferred tax

Deferred tax is recognized using the balance sheet approach. Deferred tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in standalone financial statements, except when the deferred tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

Deferred tax liabilities are recognized for all taxable temporary differences.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

### 2.3 RECENT INDIAN ACCOUNTING STANDARDS (IND AS)

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2018 has notified the following new and amendments to Ind ASs which the group has not applied as they are effective for annual periods beginning on or after April 1, 2018:

#### Ind AS 115 – Revenue from Contracts with Customers

Ind AS 115 establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. Ind AS 115 will supersede the current revenue recognition standard Ind AS 18 – Revenue, Ind AS 11 – Construction Contracts when it becomes effective.

The core principle of Ind AS 115 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the standard introduces a 5-step approach to revenue recognition:

Step 1: Identify the contract(s) with a customer

Step 2: Identify the performance obligation in contract

Step 3: Determine the transaction price

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Under Ind AS 115, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer.

The group is evaluating the impact of this amendment on its financial statements.

	As at 31-03-2018	As at 31-03-2017
Investment properties	231,816.49	206,539.40

#### Estimation of fair value

The group obtains independent valuations for its investment properties at least annually. The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available, the group considers information from a variety of source including:

- Current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences
- Discounted cash flow projections based on reliable estimates of future cash flows
- Capitalised income projections based upon a property's estimated net market income and a capitalisation rate derived from an analysis of market evidence

The fair values of investment properties have been determined by Mr. Paramjeet Singh, accredited registered valuer holding the recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued. The main inputs used are the local enquiries and prevailing market trends adjusted for location, size, utility, condition and other factors having influence over the fair value. All resulting fair value estimates for investment properties are included in level 3.condition and other factors having influence over the fair value. All resulting fair value estimates for investment properties are included in level 3.

**2) Defined Benefit plan:**

**I. Gratuity**

The Company operates an unfunded gratuity plan. Every employee is entitled to a benefit equivalent to fifteen days salary last drawn for each completed year of service in line with the Payment of Gratuity Act, 1972 or Company scheme whichever is beneficial. The same is payable at the time of separation from the Company or retirement, whichever is earlier. The benefits vest after five years of continuous service.

- a. The liability is determined based on actuarial valuation using the Projected Unit Credit Method as at the balance sheet date, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.
- b. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, is based on market yields on Government securities as at the balance sheet date.
- c. Actuarial gains and losses are recognised immediately in other comprehensive income in Statement of profit and loss. Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs.

The amounts recognized in the statement of Profit & Loss Account for the year and previous year are as follows:-

### Description of Risk Exposures:

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such company is exposed to various risks as follows:

Discount rate	Reduction in discount rate in subsequent valuations can increase the plan's liability.
Mortality & disability	Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
Withdrawals	Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.
Salary increase	Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.

### Sensitivity Analysis

Particulars	31.03.2018	31.03.2017
<b>a) Impact of the change in discount rate</b>		
Present Value of Obligation at the end of the period	4,538.92	3,983.43
a) Impact due to increase of 0.50%	36.42	(34.22)
b) Impact due to decrease of 0.50%	38.53	35.66
<b>b) Impact of the change in salary increase</b>		
Present Value of Obligation at the end of the period	4,538.92	3,983.43
a) Impact due to increase of 0.50%	38.86	36.11
b) Impact due to decrease of 0.50%	(37.06)	(34.96)

Sensitivities due to mortality & withdrawals are not material & hence impact of change not calculated.

Sensitivities as to rate of inflation and life expectancy are not applicable being a lump sum benefit on retirement.

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the year.

The fair value of the financial assets and liabilities is determined at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The management assessed that fair value of trade receivables, cash and cash equivalents and other bank balances, other financial assets and other financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments and the transactions being entered into at arm's length. In respect of loans, the fair value equals the carrying value as the risk management mechanism established by the group indicates that no credit losses in the value of these loans.

### DETAILS OF ASSETS PLEDGED AS COLLATERAL/SECURITY

The carrying amount of financial assets as at 31<sup>st</sup> March, 2018 and 2017 that the group has provided as collateral for obtaining borrowings and other facilities from the bankers as follows:

Particulars	As at 31.03.2018	As at 31.03.2017
Gross carrying amount of Investment Property	293.24	293.24

### 41 FAIR VALUE HIERARCHY

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents the fair value measurement hierarchy of financial assets and liabilities measured at fair value on recurring basis as at 31<sup>st</sup> March, 2018 and 31<sup>st</sup> March, 2017.

Quantitative disclosures of fair value measurement hierarchy for assets as at 31<sup>st</sup> March, 2018 and 31<sup>st</sup> March 2017:

Particulars	Financial assets measured at FVTPL	Financial assets measured at FVTOCI	Assets for which fair value is disclosed
	Investment in Mutual funds	Investment in equity instruments	Investment properties
Carrying Value as at 31 <sup>st</sup> March, 2018	1,260,181.19	141,271.51	24,729.77
Fair valuation as at 31 <sup>st</sup> March, 2018			
Level 3	-	141,271.51	231,816.49
Level 2	-	-	-
Level 1	1,260,181.19	-	-
Carrying Value as at 31 <sup>st</sup> March, 2017	1,165,327.88	143,069.85	25,097.91
Fair valuation as at 31 <sup>st</sup> March, 2017			
Level 3	-	143,069.85	206,539.40
Level 2	-	-	-
Level 1	1,165,327.88	-	-

There have been no transfers among Level 1, Level 2 and Level 3 during the year ended on 31<sup>st</sup> March, 2018 or on 31<sup>st</sup> March 2017

A one percent point change in the unobservable inputs used in fair valuation of level 3 assets and liabilities does not have a significant impact in its value.

The fair value of investments in mutual fund is determined on the basis of NAV of mutual fund declared on the last day of the financial year. The fair value of investment property disclosed in financial statements is determined based on the valuation report from an independent valuer. The determination of the valuation by the valuer is based on level 3 inputs like discounted cash flows, net assets value etc. The fair value of the equity instruments measured at FVTOCI is determined on the basis of the valuation report of an independent valuer who determines the value as per the financials of the investee, assumptions suitable to the method of valuation adopted and key data from the management of the investor for valuation purposes as obtained from the investee.

### 42 FINANCIAL RISK MANAGEMENT

The group's principal financial assets include investment in equity instruments and mutual funds, Inter-corporate deposits, trade receivables, other receivables and cash & bank balances.

The group's principal financial liabilities comprise creditor for expenses and other financial liabilities. These other financial liabilities mainly comprise of creditors for expenses and employee benefits payable.

The group's activities expose it to credit risk and liquidity risk. The group is not exposed to any market risk, neither in form of interest rate risk as the debt instruments issued by the group (i.e. intercorporate deposits) bear a fixed rate of interest as per the inter-corporate deposit agreements nor any foreign exchange risk. The different types of risk the group is exposed to are as follows:

#### (i) Credit risk

Credit risk is the risk that customer or counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The group's significant credit risk concentration is in its trade receivables and loans given [i.e. intercorporate deposits (ICD)] and interest receivable thereon aggregating to ₹ 11,86,904.47 thousand as at March 31, 2018 i.e., 45.45% (₹ 10,93,409.73 thousand as at March 31, 2017 i.e., 43.36%). The objective of managing counter party credit risk is to prevent losses in financial assets. The group assesses the credit quality of the ICD parties on regular basis by analysing their

**(Amount in ₹ thousand unless otherwise stated)**

default pattern, reviewing annual financial performance and creditworthiness as evident from their financial statements. The group regularly assesses the increase in risk of default since initial recognition. The group considers a default of more than 6 months as an indicator for increased risk of default requiring the assessment of expected credit losses and resulting impairment, if any. The group uses a provision matrix to compute the expected credit losses (ECL) for trade receivables. The provision matrix takes into account internal and external credit risk factors and the group's historical experience for customers.

However, as at the date of balance sheet all parties were regular in meeting their contractual obligations and none of the financial assets are credit impaired. Credit risk on cash & cash equivalents and other bank balances is limited as the group holds these deposits with scheduled banks with high credit ratings.

Investments are primarily in equity instruments of companies. The management regularly values the investments from independent professional valuers to determine any impairment in the value of investments. Further, the group invests on short term basis in mutual funds having high credit rating from domestic credit rating agencies.

**Exposure to credit risk**

The gross carrying amount of financial assets, net of any impairment recognised represents the maximum credit exposure. The maximum credit exposure as at 31.03.2018 and as at 31.03.2017 is as follows:

Particulars	As at 31.03.2018	As at 31.03.2017
Investments (Non current and current)	1,401,452.70	1,308,397.73
Loans (Non current and current)	943,907.42	1,036,101.53
Trade receivables	222,783.50	–
Cash and cash equivalents	19,498.28	113,927.95
Bank Balances other than cash and cash equivalents	181.70	4,515.86
Others financial assets	23,672.25	59,008.45
<b>Total</b>	<b>2,611,495.85</b>	<b>2,521,951.52</b>

**(ii) Liquidity risk**

Liquidity risk is the risk that the group will not be able to meet its financial obligations as they become due. The group does not have any significant financial liability as at March 31, 2018 or March 31, 2017 and group has enough liquid funds in the form of cash and cash equivalents to meet its financial obligations as and when they become due. The group manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

As at March 31 2018, the group had a working capital of ₹ 21,38,630.41 thousand (Previous year ₹ 23,93,374.24 thousand). Further, the group has substantial pool of highly liquid financial assets like cash & cash equivalents, trade receivables and short term investments in mutual funds aggregating to ₹ 15,02,462.97 thousand (Previous year ₹ 12,79,255.83 thousand) as against the total current liabilities of ₹ 37,472.65 thousand (Previous year ₹ 58,688.61 thousand) which clearly establishes the strong liquidity position of the group.

**The maturity analysis of the financial liabilities of the group as at 31.03.2018 is given as below:**

Particulars	As at 31.03.2018		
	Less than 1 Year	1-2 Years	2 Years and above

## IMPORTANT COMMUNICATION TO SHAREHOLDERS

Dear Shareholders,

There is growing awareness and concern on the need to protect our environment around the globe. OSWAL AGRO MILLS LIMITED has always been a company that has taken the lead in its efforts to protect the environment, with a strong focus on eco-sustainability in our operations. Taking this future, we now propose to send documents such as the Annual Report, Notices and other documents to the shareholders through electronic, paperless mode.

This is also in line with the 'Green Initiative in Corporate Governance' introduced by the Ministry of Corporate Affairs (MCA) and Securities and Exchange Board of India (SEBI) permitting listed entities to send soft copies of Annual Report, Notice and other documents to those shareholders who have registered their email addresses for the said purpose.

We request you to join us in this noble initiative and look forward to your consent for receiving communication through the electronic mode.

To do this, you are requested to take the following steps-

**FOR THE SHARES** held in physical mode: Please fill the enclosed form and send it to us at the registered office/registrars office address of the Company.

**FOR THE SHARES** held in dematerialized mode: Please update/register your e-mail address with your Depository Participant.

The Annual Report of your Company would also be available on the Company's website - [www.oswalagromills.com](http://www.oswalagromills.com)

Further, your Company wishes to inform you that SEBI vide its notification no. SEBI/LAD-NRO/GN/2018/24 dated 8<sup>th</sup> June, 2018 has made amendments in regulations of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 that the requests for transfer of shares/securities shall not be processed unless such shares/securities are held in the dematerialized form with a depository. In view of the above, to avoid any kind of inconvenience to you, we request you to dematerialize your physical shares in electronic form immediately.

Your Company has made necessary arrangements to get the shares dematerialized by opening a demat account free of cost with NSDL under an exclusive offer from Religare Securities Limited. Members simply need to give a missed call at 011-66781414 to Religare Securities Limited and may avail the exclusive festive offer.
